YAWN CLUB CONTINUITY

PAGE TWO

NOTE: The following changes in the schedule as of Saturday Mornings.

7:34½ ANN: You have just heard a five minute summary of the latest world news...direct from the wires of the Associated Press..................

8:53½ ANN: This is WYBC, the Yale Radio Station, broadcasting on a frequency of 640 Kcs. from studios located at 193 York Street. WYBC now leaves the air until six P.M. tomorrow evening at which time you will hear a brief interlude of music followed by the program 'Yale Interprets the News'......until the Thank You for listening and Good Morning......

NOTES: Do not use Bangled Banner at end of Yawn Clubs...its not needed

Notice that if there happens to be more than one announcer or enginneer on duty that the contintuity will have to be re-worded so as to fit all names in......

- Vary your records....do not play all of one kind....or make the show lop-sided.......try and give the listeners ~~what~~ a rounded education etc......in all types of music......not classical....natch...and think twice before you play either semi-classical....or marches......think three times....

There are two places in this script(beginning and end of Yawn Clubs) which allow for a little ad-libbing and almost two hours of it in between....so don't ad-lib the stuff on here.......

Note one change which will probably sound better....when bringing in the news it would be probably better to say "Compiled and edited in the WYBC....." (((rather than edited and compiled).......

The theme indicated has been used for at least three or four mornings per week for the past term....so we will make it every morning.......for consistencies sake......however, suggestions as to a new one....or to going back to the old one will result in a change if one and all agree......

The phone number of the weather bureau is

.......New Haven 4-0870........
